SCIENCE AND SKILL

Devoted to the Preparation of
Diamond Dyes.

It is impossible for the makers of imita-
tion and adulterated package dyes to put
up colors for home dyeing work that can
give any satisfaction to the public. Imita-
tors have not the scientific knowledge or the
capital to do honest and good work.

Scientific men of the highest attainments
in the chemistry of colors give the benefit
of their knowledge and researches for the
preparation of Diamond Dye and the pro-
tection of those who use them.

Common dyes are gross frauds and are
sold by dealers for the sake of extra profit.
Diamond Dyes, though they cost vastly
more to prepare, are made to give satisfac-
tion to millions by their perfect qualities.

Beware of the dealer who says his crude
dyes are equal to the wonderful Diamond
Dyes. Goods colored with Diamond Dyes
are fast to soap, water and sun; of no other
dyes is this true.

Teachers' Bureau.

The Teachers' Bureau and Em-
ployment agency recently estab-
lished by Messrs. McCannell &
Williams, should meet the require-
ments of trustees and teachers and
employers and employees generally.
The bureau can be used by trustees
for securing teachers without cost,
and teachers registered therein are
made acquainted with the openings
as soon as they are made known to
the management, thus enabling
teachers to secure situations which
would not otherwise be brought to
their notice. The Employment
Agency will fill a long felt want,
and we commend the enterprise of
managers, and be peak for them
ment d prosperity

Separator Burned.

On Tuesday night, between 1 and
2 o'clock, Mr. W. D. Cameron of
the Elzeley Farm, lost two stacks
of wheat and a separator by
fire. The fire is thought to have
originated through a smouldering
spark from the engine, though at
the time of quitting work every-
thing appeared to be safe.

The Creamery.

The creamery will shut down for
the winter some time next week,
after a very successful season. Not-
withstanding the lateness in start-
ing, over 25 000 lbs. of butter has
been manufactured. Next season
the association expect to double the
output. This week 7 000 lbs. will
be shipped to Calgary.

—We regret to learn of the death
of Phyllis, the little daughter of
Mr. and Mrs. Fetherstonhaugh of
Fort Qu'Appelle, who died on Fri-
day last after a brief illness, aged
2 years.

NORTHWEST ELECTIONS.

The New Executive Likely to be
Returned by Acclamation.

On account of the change which
took place in the constitution,
granting increased power to the
Territories, dating from Oct. 1, five
constituencies are called upon to
say whether or not they are in
sympathy with the Executive Coun-
cil as composed of Messrs. Hault-
main, Ross, McGrath, Mitchell and
Bulyea, and this we have no doubt
the respective districts will do by
returning the representatives on
the council by acclamation.

South Qu'Appelle has reason to
be proud of the distinction and will
derive the benefit accruing from
such representation.

During the last contest, in which
party politics were laid aside, Mr.
Bulyea was elected on the platform
of fair and systematic expenditure
of public funds, and this we are
satisfied he has carried out to the
letter. Public works were laid out
for the benefit of the public, not
the individual, and everyone had
an opportunity to participate in the
expenditure of public funds.

That party politics should be im-
ported into this contest for the pur-
pose of furnishing opposition to the
Executive, is but feebly entertained
here, and there is every reason why
this bye-election should be by ac-
clamation and then if the Execu-
tive should not formulate a policy
satisfactory to the country there
would then be an opportunity for
opposition on lines that could be
fought out on their merits.

The wheat received on the C.P.R.
for the past week amounted to 742,-
420 bushels, and the shipments
736,738 bushels. The quantity in
store at Fort William is 1 115 914
bushels for the week ending 9th
October. This with the wheat
stored in elevators along the line
of the C.P.R. and branches would
make a total in store of nearly four
and three quarter million bushels
in the company's hands at the pres-
ent day.

—Messrs. G. Spring Rice, Pense,
and Ford Jones, Regina, arrived in
town Tuesday night and proceeded
to the Fort on Wednesday.

Vanity in women is
forgivable. It
was Nature's in-
tention that woman
should be vain of her per-
sonal appearance,
and the woman who
fails of this fails of her full
womanhood. No
woman should be
satisfied to go
through the world
with a complexion
made hideous by unsightly
blotches, pimples
and eruptions.
No woman should
be satisfied to
have a sallow,
sickly complexion.

The remedy for these conditions does not
lie in cosmetics. Skin disease is caused by
impurities in the blood, and by nervous
disorders due to weakness and disease of
the distinctive feminine organism. Doctor
Pierce's Golden Medical Discovery is the
greatest of all known blood purifiers. It
not only drives all impurities from the life-
stream, but fills it with the rich, life giving
elements of the food. Dr. Pierce's Favor-
ite Prescription acts directly on the delicate
and important organs that bear the burdens
of womanhood and motherhood. It makes
them pure, strong, well and vigorous. A
course of these two great medicines will
transform a weak, sickly, nervous, despond-
ent woman, who suffers from unsightly
eruptions of the skin, into a healthy, happy,
amiable companion, with a skin that is
clear and wholesome. These medicines
are made from herbs and roots, and contain
no minerals of any description. They sim-
ply assist the natural processes of assimila-
tion, secretion and excretion. Medicine
dealers sell them.

It is a druggist's business to give you, not
to tell you, what you want.

"About four years ago," writes Thomas Har-
rie of Wakefield Station, Sussex Co., Va., "my
daughter Helen was afflicted with eczema in a
detracting form. Dr. Pierce's medicines cured
her after all other remedies had failed."

In sending for a free copy of Dr. Pierce's
Common Sense Medical Adviser, enclose
31 one-cent stamps, to cover customs and
mailing only, if a paper-covered copy is
desired, or so stamps for cloth-binding.

S. T. SCOTT,
Editor and Proprietor

THURSDAY, OCT. 14, 1897.

THROUGH the courtesy of Mr. T. A. Patrick of Yorkton, we have received a copy of his address to the electors of that district. The address is too long for us to publish in full, but we quote a paragraph which we think voices the sentiments of the electorate who desire to see our Northwest Government run, not on party lines, but strictly for the benefit and in the interests of the Northwest people, and we think Mr. Patrick well deserves the confidence of the Yorkton electors for the common sense expressed in the following: "While Messrs. Haultain and Ross have differed as to what may be the best policy for Canada they for years have proved that they can lay aside such differences and work together for the upbuilding of the Territories, and I, as one who has ever consistently upheld the policy of making and administering our own laws, independent of Dominion partyism, and with an eye single to the good of the Territories, believe them to be right in establishing a non-partisan executive, and I seek election on that issue."

Free Press: Why should the price of wheat be 74 cents at Carberry, while at McGregor, nearer

the market, it is only 72? Why 74 cents at Kemnay, while at the nearer station of Brandon it is 71? Why 73 cents at Portage la Prairie and 74 at distant Wapella? Doubtless there are good reasons for these and other equally extraordinary discrepancies, but to those not versed in the thousand peculiarities of the trade they are as a sealed book. The harm they may do lies in the danger that the multitudes, in their ignorance, may take them as evidence there are tricks even in the grain trade, and that, we are sure, would be a slander of the foulest character.

While prairie and bush fires are raging and doing much damage east of us, so far this year we have escaped; nevertheless we must still be vigilant as the grass is very dry and only needs a spark to set it going. The railway companies are generally blamed for starting these fires, and we think often unjustly. There is another agent, the tiny cigarette, which can accomplish great things in the way of fire.

To secure good results, advertise in your home paper. It travels as far as the down east departmental store price list, and is as eagerly read by thrifty housewives in your own neighborhood, besides, it shows you are a live citizen and not afraid of competition. It also helps the printer to eke out an existence; otherwise, where are we at?

The Lake of the Woods Milling company opened their new elevator for business on Monday. On Saturday last wheat was down to 69c., but on Monday it took a jump 3c. We think a little healthy competition is a good thing for the farmer.

Bargains for Newspaper Readers.

We present to the readers of the Qu'Appelle Progress an opportunity to secure the great world paper, The Family Herald and Weekly Star, of Montreal, which is a superb premium picture, at a considerable reduction. We do this to enable our own subscribers to save considerable money. The Family Herald and Weekly Star needs no description. It is known throughout the world. It circulates widely in every township of Canada and throughout the United States, Great Britain and Australia. The Family Herald and Weekly Star is enormous value for the small subscription price of one dollar. The Family Herald is not in competition with the Progress but goes with it as the great world newspaper, making with the Progress the best value before the reading public of this continent. There goes with the Family Herald this autumn to all yearly subscribers when their remittances are received a beautiful premium picture, entitled "It Fell from the Sky," pronounced by all the known judges as a magnificent premium, a picture that tells a touching story. Remit to the publishers of The Progress \$1.75 and you will receive the Family Herald and Weekly Star, of Montreal, and this paper.

This offer is limited as to time, and cannot be, together with the premium, accepted after the offer is withdrawn.

DIDN'T CARE ABOUT STYLE.

But Nevertheless He Wouldn't Go Down
Town Without a Necktie.

"Georgiana," said Mr. Dalrymple, "it seems to me that you spend altogether too much time worrying about what other folks are likely to think about you. Why don't you follow my example, and have a little independence? As long as I know that I am doing my duty as a man, what do I care how others like my style?"

"I don't know," Mrs. Dalrymple replied, "what you mean. In what way have I been worrying about what other folks think of me?"

"Oh, in a hundred ways," her husband answered. "You wouldn't wear the shirt waist you have on if it were not for the fact that all the other women wear them, and would think you couldn't afford it if you didn't have one. You wouldn't care whether you had curtains at the windows if other folks didn't have them. You wouldn't spend money for a hundred and one other things that you could get along without just as well as not if you were not always trying to pose before other people."

"Well," Mrs. Dalrymple assented, for she was not disposed to quarrel over the matter. "It is perhaps as you say. I am sorry that it is so, but I can't help it. Aren't you afraid you'll be late at the office this morning? How did you come to get it?"

"By George!" he exclaimed, looking at his watch. "It's nearly 8 o'clock now. I don't know how I happen to be late at my necktie. Where is it? I must hurry."

"Oh, never mind the tie this morning," his wife said. "You've got a clean shirt and collar on. Go without the tie."

"What?" shouted William Dalrymple. "Go down town without a tie? A tie! You must think I'm crazy! Why, the boys in the office would give the lie out of me, and people would think I didn't have money enough to buy one! Here it is. Good-bye."

Then Mrs. Dalrymple sat down and thought, and two little wrinkles with merry curves appeared at the corners of her mouth—Cleveland Leader.

The Great Life Line.

That Has Rescued Thousands
of Wrecked Mortals.

TAKE HOLD OF IT AND BE SAVED

It is Known as Paine's Celery
Compound the Disease-Ban-
isher and Life-Giver.

Tens of thousands of people in every walk of life have reason to thank Prof. Phelps, M.D., of Dartmouth College, for the life line he has thrown out on the surging and billowy sea of disease and suffering. This glorious, never-failing life line has blessed humanity to an extent that can never be equaled by any other agency on earth.

Life saving is a glorious undertaking, the most blessed and most noble work that human skill can engage in.

Professor Phelps, when he devised his wonderful and now famous Paine's Celery Compound, gave man an agency of life that men and women had for long years been praying for. The doctor's study of the nervous system and such diseases as nervous prostration, paralysis, neuralgia, rheumatism, kidney and liver troubles, dyspepsia and debility, led him to that marvelous discovery of the age, Paine's Celery Compound.

This wonderful medicine has been called by many the "Eleventh Hour Medicine," and justly so, because it saves life, builds up the system, and establishes health when the ordinary physician fails to cure.

This medicine will certainly meet your case, reader, if you are still struggling with disease and pain. The experience of thousands in this wide Dominion has proven that Paine's Celery Compound "makes people well."

Mr. G. J. Smye, of Sheffield, Ont., a cured man, writes as follows:

"It is with great pleasure that I testify to the value of your great medicine, Paine's Celery Compound. For nearly two years I suffered from indigestion, kidney and liver troubles. After trying several medicines that did not effect a cure, I decided to try your Compound. Before using it I was so low in health that I could not eat or sleep. I could not lie in bed owing to pain in my back; it was only by resting on elbows and knees I was enabled to obtain a slight degree of ease. Before I had fully taken one bottle of your medicine I began to improve. I have now taken in all fourteen bottles with good results. I am a farmer and am now working every day. Anyone may rely on me to repeat these statements, or to any of my neighbors around Sheffield, where I am well known. I am a living witness to the worth of Paine's Celery Compound."

What Do You Conceive?

"I think," she said hesitatingly and with downcast eyes, "that you'd better speak to papa."

"Sure," he replied promptly. "That's dead easy. The only thing that troubles me was the interview with you."

"You're not afraid of papa?" she asked inquiringly, opening her eyes in astonishment.

"Afraid?" he exclaimed. "Why should I be?"

"Really I don't know," she answered, "but it's usual, you know."

"Oh, I suppose so," he answered in the offhand way of the man of the world. "With inexperienced men there would be nothing in it, but I have taken the precaution to loan him money which is still unpaid."

Then it was that the beautiful girl realized that she had caught a genuine financier for a husband.—Chicago Post.

What the Doctor Said

A Portland clerkman has lost his old time confidence in mankind. There came to him the other day a man who said he had not had a square meal in a week. The minister gave him a note to a hotelkeeper, saying the man could have what he wanted, and the hotelkeeper would pay the bill. Friday the minister started out to pay the bill. "How much do I owe for that poor fellow's meal?" he asked.

"Five cents," said the hotel man. "What did he have that cost so much?" asked the unsuspecting minister.

"Five beers and a Manhattan cocktail."—Kennebec Journal.

Good Food These

"It's a shame," cried the young wife, "not a thing in the house fit to eat. I'm going right home to papa!"

"If you don't mind, dear," said the husband, reaching for his hat, "I'll go with you."—Boston Traveler.

A LIFE SAVER TO MANKIND

is what Mr. George Benner,
Warton, Ont., styles
Dr. Chase's Kidney-
Liver Pills.

Not that I am at all fond of having my name put in public places, but as a life saver to mankind, I hereby state what Dr. A. W. Chase's K.L. Pills did for me. For nearly four years I was greatly troubled with Constipation and general weakness in the kidneys, and in my private position was strongly advised to use Chase's Pills, and to-day I can safely and truthfully state that they have saved my life.

GEO. BENNER.

To all who find themselves with health gradually slipping away, Kidneys and Liver so disordered that they are incapable of keeping the system free from poisonous waste material, Stomach Disorders, Bowels Constipated, Head Aching, Back Pain, etc., use Dr. Chase's Kidney-Liver Pills. The quick way they help you back to health will surprise you.

TO THE ELECTORS

Fall Arrivals.

Jones, poor man, was quite unmoved.
The day his twins were christened;
His face was pale, and on his cheek
A teardrop plainly glistened.
